

'Noosa Horses' Beach Horse Rides

Moorindil St. Ferry Wharf: [Google Map Link](#) | **Site:** [Google Map Link](#)

- To get to the North Shore you'll need to take a **car ferry across the Noosa River**.
- Usually I allow 10 minutes for the crossing, start to end.
- The ferry costs \$7 each way, it doesn't have eftpos or a sense of humour.

After travelling along Maximillion Rd, then onto Beach Rd and finally onto the Esplanade, the entrance to the site is just over a kilometre from the first cutting turn off (6.5km from the ferry).

Look for a gravel road, on the right hand side, although it's difficult to see as you are approaching, it is the only turn off on the right hand side after the first cutting. At the entrance there is a sign that says "Authorised Vehicles Only" (Just to confuse people).

The Noosa North Shore campgrounds are about 300 metres further on, so if you go past (and you probably will), just keep going and do a U-turn through the car park in front of the campground, come back and take the very first left.
